The C# Academy
📅 01/06/2023 - current

SKILLS

- C# / .Net
- Project Management
- Management Accounting

HOBBIES

- Geocaching
- Gaming
- Open Source Software Contributions

CAREER OBJECTIVE

I am a Project Manager with 15 years experience in executing projects in a structured and timely manner. With a university education in Computer Science and a secondary education in Accounting I've been able to combine the two worlds in my day to day work.

I've chosen now to embrace my education once again, reaffirm my skills in programming, and focus on developing my C# .NET abilities. Eventually I want to move towards a software development job with direct client contact applying my commercial and technical skills.

WORK EXPERIENCE

Offshore Department Manager

Lankhorst Engineered Products bv

📅 May 2020 - current 📍 Sneek, Friesland
